TO ALL CIC STUDENTS, TRAINEES, MEMBERS, DIPLOMATES and GRADUATES WORLDWIDE

Dr Stephen M Lawson, MA Ed, PhD
Principal of
Cambridge International College

We at the College here in Jersey, Britain, always like to hear from you regularly, and to learn about your progress in your career.

You are most welcome to send us your contributions: for example, your comments about our Study and Training Materials, information about new employment or promotion you gain, articles of interest, photographs, etc, which might even be included in future editions of our **Prospectus** or **Newsletters**, other literature, or on the **College website**.

Please write or type your comments neatly in the accompanying '**Comments Sheet**', and then send it to the College. If possible, affix an appropriate photograph - for example of yourself and your Certificate or Diploma, possibly with colleagues, or of you in a 'work environment'. If you do not have comments to make at this time, please keep the "Comments Sheet" until you do (or ask us for a new Sheet); for instance you might wish to inform us of a promotion, new job, salary increase, etc, you gain at a later date. Read, now, on later pages, what other successfully CIC Members, Diplomates and Graduates write!

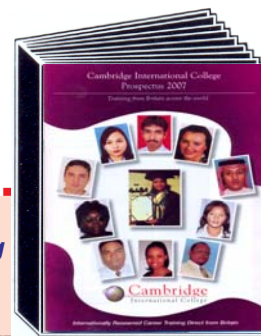

We look forward to hearing from you, and we shall always be happy to advise you on the most suitable Program(s) for you to study for the next stage of your Training with CIC. If you wish to hear regularly from the College, and to receive our regular Newsletters and updates about new Courses, Programs and Programmes, please make sure you keep us informed of your current **email address**. You are also welcome to visit regularly our special **Members Services website**:

www.cambridgeinternationalcollege.co.uk

You should be able to access, download and print details of any **CIC Examinations** you have passed since 2001. Also you should be able to download and print the latest **College Newsletters** and a wide range of other **College Literature**, and obtain **FREE 'inspection' Modules** of Courses and Programs.
