CIC: The Path to Career Success

## UPDATE: Covid-19 'Corona' virus

The Covid-19 pandemic is continuing to affect people and countries around the world. Currently some are greatly affected and some are affected only minimally. Here are some **'Questions & Answers'** for you about Study with the College to re-assure you:-

QUESTION	ANSWER
Is the College currently open?	YES, Cambridge International College IS OPEN. Applicants can still enrol and/or re-enrol for Programs and send fee payments to the College, Members can apply for Exams or Assignments, and everyone can receive information and guidance from CIC wherever in the world they are located.
What if the end of my Study Period is approaching?	The College is flexible and understanding about Expiry Dates. We are allowing some extra months 'grace period' - a Membership extension - to all Members.
What should I do about my Exam(s)?	(i) If your Exam has been sent to your Invigilator, plan to sit your Exam when you can. If you need to postpone your Exam date by some months that is okay (we will extend your Membership period, as stated above). (ii) If your Exam has not been applied for yet, you can still submit the 'Agreement to Invigilate Form' and the College will prepare and dispatch your Exam(s) to your Invigilator. <b>OR, ALTERNATIVELY, you can apply for the Assignment Option instead of an Invigilated Exam:</b> (iii) If arranging to sit an Exam is a problem due to COVID-19, you can do an <b>Assignment</b> (course-work) instead; this is an alternative Option for most Programs and Subjects: <b>see opposite</b> .
What about my Diploma, Baccalaureate, EBA, EMBA or other Award?	Your results will show on your personal page of the CIC Members Website. Your award will still be prepared for dispatch to you as normal. Where possible we will also send you a soft-copy pdf version by email so you will have a copy immediately.
What about my Study Materials?	When your Fee payment reaches the College, your Study Materials will be prepared for dispatch as normal. PDF (softcopy) versions will be emailed to you to study while your printed Materials are on the way. In some countries there are delays in regular services, but courier and other alternatives may be available.

## 2020 is the College's 85th Anniversary

Since the College's foundation in 1935 hundreds of thousands of people worldwide have studied and graduated, and improved their lives, careers, skills and prospects with professional, accredited, affordable study, education and training with CIC.

## Assignment Option

Due to the COVID-19 pandemic CIC is now offering Members an 'open-book' Assignment Option instead of an invigilated Exam. Members must send a completed Assignment Option Form to CIC and then an Assignment can be sent directly to a Member's personal email address. You can ask for an Assignment Option Form by email.

Many Members have now passed Assignments and gained Awards

## A Success Story from Jackim Gare, Kenya:

*"A saying goes: 'A journey of a thousand miles begins with one step.' Well, I sincerely thank CIC for the great knowledge that I have so far gained through undertaking the diploma course in HR/Personnel Management.*

Indeed, it has been very helpful and an eye opener for me. At first I started my career by pursuing a CIC Diploma in Business Administration and later developed an interest in HR where I pursued a higher diploma in HR in Kenya and later on did an International Diploma in HR when CIC partnered with the College of HRM in Kenya through distance-learning.

The Program has been really beneficial to me as it has helped me to quickly climb up on my career ladder, for within just four years I have been promoted from a position of HR Officer, Senior HR Officer and most recently to the position of HR Manager for a group of companies in different sectors.

The same helped me acquire a Certified HR Professional Kenya award. I therefore highly encourage anyone looking to further their career to join Cambridge International College."

**Congratulations Jackim for  
your study & career success!**

## 2020 QUESTIONNAIRE & SURVEY THANK YOU TO ALL CIC MEMBERS!

## A Success Story from Kenya: Donald Phares Mwalimu Kilonzi

"CIC made me who I am today. I still recall the person who introduced me to Cambridge International College - he was disappointed my workmates were getting promoted while I was stagnant. I took his advice, registered with CIC, and the rest is history.

CIC is a big name and thus I walk tall knowing I have learned from the best!

The first photo is of me carrying out a security contract in close protection. The second photo is of myself and my team in Liberia where I oversaw Logistics training as a supervisor.

The CIC course in Business Administration & Logistics is the reason I am here today and made it easy for me to plan and schedule my work.

Someone once said, knowledge is power, and I am a living testimony of that statement."
