# Inspirational CIC Graduate Marie Johnson - from CIC Diploma to EMBA and career success

**Marie Johnson, from the United Kingdom, tells her story:**

"I started my CIC journey in 2005 completing an International Diploma, then followed it up with Honours Group Diplomas in 2008. Then I took a break and came back to complete my Baccalaureate in Project Administration in 2021 and my EBA in Project Management & Administration in 2022. I am now studying for my Executive Mastery of Business Administration.

Completing these courses over my career supported me in my previous roles as an Executive Assistant and now in my current role as a PMO Manager. I never thought I would ever achieve this, but with the support of CIC's unique way of delivery I did! I am ever so grateful.

Being able to study at your own pace whilst working is so much better than traditional ways of study. I could put theory into practice which helped me understand aspects of the study materials much better. This works for my style of learning. I keep all my CIC study materials for reference.

During my recent studies I gained a promotion and moved into a more senior PMO Manager role, still within the NHS. I wholeheartedly recommend CIC programmes to anyone. If I can do it after leaving school with low grades, so can you!"

## A Message from CIC's Principal, Vice Principal & Heads of Staff

Professional Study**

## Teaching, Education and School Leadership Programs

- Recent times have seen a world-wide problem in training and developing teachers and educators in the modern skills needed for effective teaching, school leadership and educational management. So, after many requests, CIC has developed a range of courses in these important areas.
- CIC's newest such Diploma Program "School Leadership & Management" can be studied as an individual Diploma or as part of an Honours Diploma, Baccalaureate or EBA programme.
- Like all CIC Programs it is written to increase knowledge, understanding, competence and confidence, and to help in developing a successful career; you can see our website for details or ask the College for information.
