"I take this opportunity to thank CIC for the opportunity granted to me to study an

International Diploma after appreciating our work at Kwale Eye Centre. After this training my employer has given me additional responsibilities in the Human Resources department. My knowledge and skills have improved a big deal. I would not hesitate in referring students to enrol with your College. I believe many lives have been touched by your hard work too. Be blessed. With Kind regards, Verena Ndunda."

Abdul Aziz Educational Foundation - a new CIC Affiliate in Sierra Leone

The pictures on the front page and below show Sierra Leonean Members who have recently enrolled with CIC through the Abdul Aziz Educational Foundation (AAEF). CIC has had a strong educational relationship with Sierra Leone for many years, and the AAEF became an Affiliate of CIC earlier this year.

Left: Isata Bangura, the National Coordinator of AAEF Sierra Leone. The AAEF also plans to enrol students from Liberia with CIC as well. Our best wishes to all of the new Members and Staff of the AAEF.

Right: CIC Members, Mariama Kargbo and Fatmata Sesay who are both studying Project Management.

DID YOU KNOW?

Fact! - The fastest roller-coaster in the world is the 'Formula Rossa' at Ferrari World in Abu Dhabi; it has an amazing acceleration of 0 to 240km/h in 4.9 seconds!

Also: 8 CIC Members work at Ferrari World: Gordon, Agiratu, Ntombizanele, Lindiswa, Bangura, Joseph, Hajarak and Kim - CIC's very best wishes to them all!

World Food Program

CIC is registered with the United Nations World Food Programme, which is the largest humanitarian agency fighting hunger worldwide. WFP provides food assistance in about 75 countries each year.

About 11,500 people work for the WFP, most in remote areas, serving the hungry poor. The WFP says: *"In emergencies we get food to where it is needed, saving the lives of victims of war, civil conflict and natural disasters. After the cause of an emergency has passed, we help communities rebuild their lives."*

We are pleased to continue CICs long-standing policy of allowing anyone who works for a registered charity, aid agency, the United Nations, the WFP or DFID, a **10% reduction from stated CIC Fees.**

Study, Training and Education are the best tools for a successful career and a better world.

Department for International Development

CIC is a listed supplier for the DFID, which leads UK government work to end poverty by creating jobs, unlocking the potential of women and helping to save lives during humanitarian emergencies worldwide.

Anyone who works for British organisations can apply to have their CIC Fees paid by the DFID, just like **Jacob Sambo** of the **DFID Zambia Logistics Team** in **Zambia**; the DFID paid for him to study CIC's Materials & Logistics Administration Baccalaureate Programme. He and DFID colleagues are studying well.

Old CIC Members Remember their Studies and Celebrate their Successes

As you know, the College celebrates its 80-year history in 2015. Many letters of congratulations and appreciation have been received from Members past and present, and two of those - both from past Members who enrolled and trained with the College more than 30 years ago - are shown below.

The first letter shared with you is from **Chiekenwa Adolphus Ihekaji**, who wrote:

Dear Sir,

It gives me much pleasure to write to you through this medium. I must thank you for your good humanitarian service to the world, which I benefitted from years ago. I was a student of the institution and merited a Diploma in Journalism and in Professional Letter Writing in November 1984. Your guide-lines and instructions gave me much credit in most of my educational undertakings, and the study booklets have been my companion in most of my journalistic and editorial works. Remain blessed.

Your humble old student,

Chiekenwa Adolphus Ihekaji

Some Professional Tips to Improve Your Career Prospects & Success

1. Draw up a career development plan. Ask your manager/supervisor for advice and discuss your career goals - ask if you can work on your career development plan together.
2. Research the short-term and long-term skills you require for development. Consider what your career ambitions require in terms of your training, education, skills and studies.
3. Talk with colleagues, HR staff, managers and others; most will share their experiences and success stories, give you advice, and explain what worked (or did not work) for them.
