"Dear Sirs, here are some photos that show how qualitable Cambridge International College is. I was chosen to go to Korea to present Angola's Action Plan because of the Education I received from CIC. I am pictured with colleagues from various countries and continents.

My MBA from your College is helping me to have wider visions on my country as a civil servant and I feel 100% competent of my managerial skills and how to apply my acquired skills in my work place. I thank also my Government for recognising my skills acquired from your College. Moreover, I thank you because the CIC training offered to me is taking me higher and higher. I have now been transferred to the National Head Quarters of Medicine and Equipment of the Ministry of Health."
