Re-Accreditation with ASIC

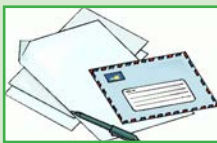

The Re-Accreditation Inspection of CIC took place in April 2026. ASIC's Accreditation Inspectors recommended that the College be re-accredited. ASIC said:

"Cambridge International College has many Areas of Strength and Good Practice and in particular the Management & Staff, Resources, Learning and Teaching, Course Delivery, Quality Assurance, Marketing and Recruitment, Compliance and Reporting, are deemed COMMENDABLE."

ASIC Accreditation is a leading, globally recognised quality standard in international education. Institutions undergo an impartial and independent external assessment process to confirm that their provision meets rigorous internationally accepted standards, covering the whole spectrum of its administration, governance, and educational offering. Achieving ASIC Accreditation demonstrates to students and stakeholders that an institution is a high-quality education provider that delivers safe and rewarding educational experiences and is committed to continuous improvement throughout its operation.

Comments from Katongo Lungo Diploma in Tourism & Travel

"While working as security officer on night shift I took the opportunity to study with Cambridge International College for a Diploma in Tourism & Travel. With the Diploma I was employed by Proflight Travel, Zambia's leading schedule airline.

I worked for Proflight Travel as a Customer Service representative, Duty Supervisor and Flight Operations Assistant. I then joined Kenya Airways as a Station Officer, Airport Officer and currently I am the Acting Airport Manager, supervising Passenger and Ground handling, Customer Service, Safety and OTP of flights in Ndola. Thank you CIC, and kind regards."

Wamala Godfrey Wallace, Uganda Business Bookkeeping & Accounts

"Thanks for the best professional management and staff, and quality studies provided to the world. We as Africans are very honoured to study miles away but read and understand as if we're next to our tutors. Great appreciation and I will proceed to further studies with you."

**ABED MOHAMMED AYOUB
EDBA Graduate (USA)**

"I express my deepest gratitude to the academic board and supervisory faculty of the Cambridge International College Executive EDBA Program. Their rigorous intellectual guidance, commitment to high-level scholarship, and willingness to engage seriously with a research agenda that crosses the boundaries of Islamic studies, organizational theory, and humanitarian management provided the structured intellectual environment within which my research could mature. Their standards of critical inquiry have shaped every argument in this dissertation."

The CIC EDBA Programme, and the Double Award EDBA & UA Doctorate degree Programme, are open to holders of a CIC EMBA or a Master degree.

**Comments from Marist Charles-Joseph
EBA in Human Resource Administration**

"My experience in the programme was insightful and rewarding. The content provided practical tools and strategies that I could immediately apply in my workplace, particularly in leadership, organisational culture, communication, and people management.

The EBA strengthened my confidence, encouraged me to think strategically, enhanced my planning, problem-solving, and decision-making skills, while reinforcing the importance of leading by example.

I am employed as an HR Officer; this programme has complemented my responsibilities and personal development. Completing the EBA is an achievement I am truly proud of, as it has contributed significantly to my growth both personally and professionally."
